Dear DX'er,

**WSM**

This is to confirm your report of reception of WSM.  
The data you supplied was correct for the date and  
time listed below.

1/1/86---7:58 to 8:09 PM EST

WSM operates on 650 kHz with a transmitter output of  
50,000 watts. We are licensed as a Class 1-A Clear  
Channel station by the Federal Communications Commission  
and operate with a non-directional antenna 24 hours a  
day, 7 days a week.

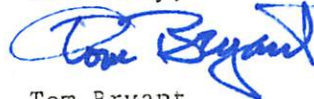

Our transmitter is located south of Nashville near  
Brentwood, Tennessee.

WSM transmits virtually all programming in stereo,  
utilizing the Motorola C-Quam system.

We have been on the air since 1925, and take pride in  
our role as a pioneer in country music broadcasting...  
particularly in our weekly broadcasts of the Grand Ole  
Opry.

Thanks for your interest in WSM and keep listening.

Sincerely,

Tom Bryant  
Production Manager
